

Catching a Dream

Being a leader brings with it great responsibility to demonstrate and orchestrate professional skills. That is certainly true within Life Care, Century Park and Life Care at Home.

But the obligation that comes with the role that you play goes beyond your job description and company requirements – all the way to the person you are. Your character and your personal habits have incredible influence on those around you. I discovered the following verse that speaks to this principle. Its author is unknown, but its truth is clear:

*You never know when someone
May catch a dream from you.
You never know when a little word
Or something you may do
May open up the windows
Of a mind that seeks the light ...
The way you live may not matter at all,
But you never know, it might.*

As a leader, be certain that others are learning from you, for good or for bad. See how great is the burden of responsibility you bear?
