

Jamaica Ambassadors

It is appropriate that Life Care associates are engaged in a mission to Jamaica today. It is a labor of love in a week that celebrates love through Valentine's Day. Our ambassadors for Operation Christmas Child are distributing shoe boxes on that island this week. For the children who receive these gifts, they come to understand that what they hold in their hands is an expression of the love of others for them. The message transmitted is that Jesus loves them, too, and wants to be part of their lives.

Please pray today and the remainder of the week for:

- Carol Medley, director of admissions, Life Care Center of Copper Basin.
- Marta Rodela, business office manager, Life Care Center of Charleston.
- Jillian Arvelo, licensed practical nurse, Life Care Center of Bothell.
- Calvin Hartley, claims coordinator with Medicare claims in the corporate office.

In addition, Laura Lorency, director of accounting and legal department, and her daughter, Lisa Boen, director of logistics, both with Operation Compassion, an organization responsible for supplying products for more than 100,000 boxes, are on the team.

Ask God to direct their words and their actions as they represent Christ with boys and girls who are hungry for love.
