

LESSONS from Noah

You may have learned everything you need to know from kindergarten (as a popular book suggests). Someone shared with me an article, author unknown, that tells us everything we need to know from Noah:

1. Don't miss the boat.
2. We're all in the same boat.
3. Plan ahead. It wasn't raining when Noah built the ark.
4. Stay fit. When you're 600 years old, someone may ask you to do something big.
5. Don't listen to critics; just do the job that needs to be done.
6. Build your future on high ground.
7. For safety's sake, travel in pairs.
8. Speed isn't always an advantage. The snails were on board with the cheetahs.
9. When you're stressed, float awhile.
10. Remember, the ark was built by amateurs, the *Titanic* by professionals.
11. No matter the storm, when you are with God, there's always a rainbow waiting.

Pretty good advice, huh?
