

Look on the Positive Side

Most of us do not enjoy being around people with a negative attitude. But people who are happy and optimistic lift us up.

Perhaps these looks at the positive side of life will bring encouragement to you as we launch a new week of work:

- Living on Earth is expensive, but it does include a free trip around the sun every year.
- How long a minute is depends on what side of the bathroom door you happen to be on.
- Birthdays are good for you; the more you have, the longer you live.
- Happiness comes through doors you didn't even know you left open.
- You may be only one person in the world, but you may also be the world to one person.
- Don't cry because it's over; smile because it happened.
- We could learn a lot from crayons: some are sharp, some are pretty, some dull, some have weird names, and all are different colors, but they all exist very nicely in the same box.
- A truly happy person is one who can enjoy the scenery on a detour.

I know many people throughout Life Care, Century Park and Life Care at Home who take lemons and make lemonade from them. May God bless you as you exercise the gift of good cheer He implanted within you.
