

# The Power of Right Choices

Life is a matter of choices, and every choice you make makes you. Examples:

How did you decide on your career? Who will you marry? Where will you live? How much education will you get? How many children will you have? What will you do with today?

But one of the most important choices you will make is *who will you become?* Life is not merely a matter of holding and playing a good hand as you would hope to do in a card game. What you start with isn't up to you. Talent is God-given. Life is playing the hand you have been dealt well. That is determined by your choices.

Speaking on the subject of choices, Dr. John C. Maxwell, author and internationally recognized expert on leadership development, said that the talent-plus people are the ones who maximize their talent, reach their potential and fulfill their destiny. He added:

"I was reading a book by Dr. Seuss to my grandchildren called *Oh, The Places You'll Go!* In it, I found a wonderful truth. It said, *You have brains in your head ... You have feet in your shoes ... You can steer yourself ... Any direction you choose.*

"I believe that with all my heart," Maxwell declared.

And so do I. My prayer is that you steer yourself in the right direction and make right choices that will empower you to become a talent-plus person, build upon the foundation of your abilities, and live your life to its fullest potential.

I'm thankful, too, that God has invested many talents within the associates of Life Care and Century Park, and that you have made the choice to serve our Lord by using these skills to serve others. Hopefully, you are finding the peace, joy, and contentment from doing so.
